

# Australian Melanoma Research Foundation

## Donation Tin Wrap

Cut along the dotted lines and stick to your donation tin.

1 in 3 people will experience skin cancer in their lifetime.

90% of melanoma can be successfully treated when detected early.

Thanks to research breakthroughs, **survival rates for advanced melanoma have increased** from 11% in 2011 to over 55% in 2024.

**Donate to melanoma research in Australia**
